Should we put churches on the directory on the website? What is the incentive for putting them on when other businesses and nonprofits must pay for being on the website? We should reach out to the churches first and see if they want to become members of the Chamber before we put them on. Member dues for nonprofits are \$50, but since there are a few months left of the year, we can discount it to \$25. Larry will reach out to churches.

Recognition Award deadline is moved to September 20th. By this date, we need your votes for businesses and individuals for our 5 categories for awards. These awards will be given out during Hog Wild on October 5th. There will be plaques made for each category.
